	 shapefiles, dated 11/2014, merged by R. Gaulin into a single line that includes laterals. This line exactly matches the version filed with FERC 12/2014. Other data layers: Commonwealth of Massachusetts (MassGIS) as developed by various agencies and municipalities. MA Open Space layer may have inaccuracies in both location and currentness; please report these to MassGIS for correction. Chapter 61 parcels derived from state-wide "Level 3 Parcel Layer" based on land use codes; thanks to MassExecutive Office of Energy and Environmental Affairs for help with those queries. For more information see: http://www.mass.gov/anf/research-and-tech/it-serv-and-support/application-serv/office-of-geographic-information-massgis/datalayers/ New Hampshire map layers mainly from NH GRANIT. (www.granit.unh.edu). Nashua Regional Planning Commission supplied that region's tax parcels. **Tennessee Gas Pipeline Company, LLC (9/15/14) FERC public pre-filing
	 Disclaimer: Data provided on this map is not sufficient for either boundary determination or regulatory interpretation. None of the authors or authorities providing idividual data layers, nor R. Gaulin make any warranty, expressed
	or implied, nor assume any legal liability or responsibility for the accuracy, completeness, or usefulness of the Geographic Information System (GIS) Data or any other data provided herein. The GIS data is illustrative only material and should not be considered for any other purpose. The data does not take the place of a professional survey and has no legal bearing on the true shape, size, location, or existence of a geographic feature, property line, or political representation. Any use of this information is at the recipient's own risk. It's actually pretty good, though, notwithstanding the foregoing and abovementioned excruciatingly legalistic disclaimer.
