RE: Tennessee Gas Pipeline Company, L.L.C., Docket No. PF14-22-000
Approval to Use FERC Pre-filing Procedures
Proposed Northeast Energy Direct Project

On September 15, 2014, Tennessee Gas Pipeline Company, L.L.C. ("Tennessee") filed with the Federal Energy Regulatory Commission ("Commission" or "FERC") a request to use the pre-filing procedures ("Request") for Tennessee's proposed Northeast Energy Direct Project ("NED Project" or "Project"). On October 2, 2014, FERC approved Tennessee's request and assigned the Project the Docket No. PF14-22-000.

In August 2014, Tennessee notified your agency of their intention to use the pre-filing process. If your agency responded to that letter, either by email or by written communication, the FERC will be notified of your intention to participate in the pre-filing process by Tennessee. However, your agency is free to contact the FERC directly indicating your intention to participate in the pre-filing process.

All comments regarding the filing may be filed with the Commission electronically through the Commission's website, at www.ferc.gov, or a hard-copy sent to:

Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Room 1A
Washington, DC 20426

Any such filings should reference Docket No. PF14-22-000.

If you should have any Project related questions, please contact me at (713) 420-5360 or michael_letson@kindermorgan.com. Written communications can be sent to my attention at:

Kinder Morgan
1001 Louisianan Street
Suite 1001
Houston, TX 77002

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Letson". The signature is fluid and cursive, with the first name "Mike" and last name "Letson" clearly distinguishable.

Mike Letson
Environmental Project Lead
