June 18, 2013

At the HDC hearing on June 11, 2013, the Board of Selectmen, acting as the Historic District Commission, granted their approval for the application proposal for a small shed/out building at 9 Old Ashby Road, lot E-57, as meeting the style guidelines of the Historic Preservation District. Note was made that the proposed location of the shed (less than 15 feet from the property line) will be heard before the Board of Adjustment for a variance to the setback ordinance.
